

Special lamps

Special cases that are not affected by the ban on incandescent lamps under the EU directive.

SEE THE WORLD IN A NEW LIGHT

The European Parliament has issued a directive regarding the eco-design of for non-directional household lamps (Commission regulation (EC) No 244/2009 of 18 March 2009 implementing Directive 2005/32/EC of the European Parliament and of the Council). However, special-purpose lamps designed essentially for applications such as traffic signals, terrarium lighting and household appliances and clearly indicated as such on accompanying product information are not subject to these eco-design requirements.
