Description and features

DECOSPOT® LED provides colour for individual lighting design. It's as easy as changing a light bulb. These new lamps will fit in all standard fixtures with E14 or GU10 holders. Homes, offices and shops can be given a fresh new look with dashes of colour from elegant and modern DECOSPOT® LED fixtures. There is a choice of white, red, green and blue. For special effects, use DECOSPOT® LED colour-changing, which automatically changes from one colour to the next. Thanks to its particularly low energy consumption DECOSPOT® LED is perfect for constant economical lighting.

- Efficient generation of coloured light
- Low energy consumption
- Long life
- Enhanced safety thanks to double insulation

Technical data and equipment

- Equipped with 18 LEDs (different colours)
- Available for E14 or GU10 bases
- **CE**

MOODSPOT® LED								
80010-10	4008321105974	black	230	50	165	68	115	4x1

Description and features

MOODSPOT® LED is ready for use and is equipped with a DECOSPOT® LED changing-changing lamp, but is also suitable for the other DECOSPOT® LEDs with GU10 bases. This elegant fixture will enhance any home, office or shop with its special accent lighting. Sculptures and shop windows attract more attention as the mood of the display changes with each new colour. The low thermal output in the light beam and the absence of IR and UV radiation makes this luminaire ideal for spotlighting sensitive objects.

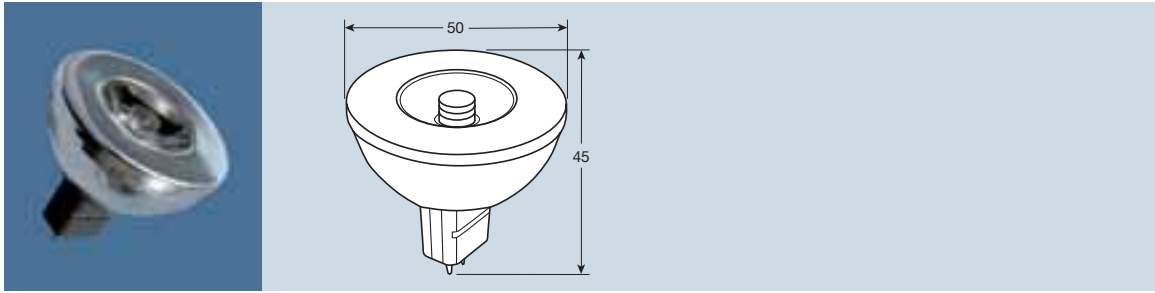

- Luminaire head rotates through 270° and swivels through 90°
- Ready to install with 2 m of cable and plug
- Integrated switch

Technical data and equipment

- Equipped with DECOSPOT® LED changing-changing lamp (80011)

80027	4008321133281	red	1.5	12	50	1800	GU5.3	6	6x1	

Description and features

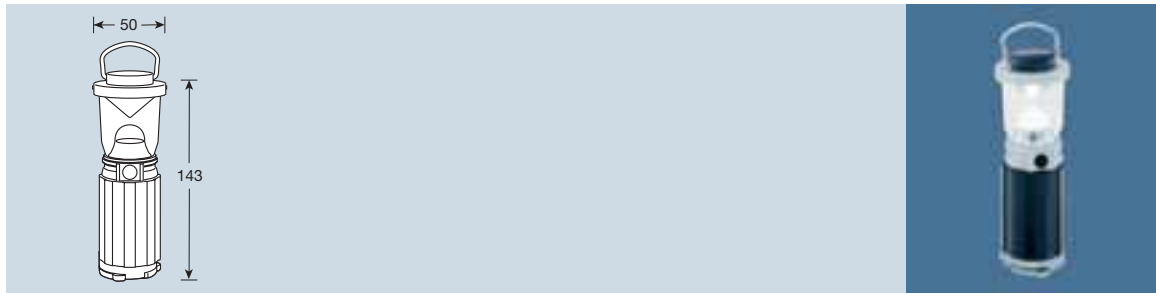

DRAGONSTAR® retrofit lamps with their GU5.3 bases will fit wherever only an OSRAM DECOSTAR® 51 can normally be used. DRAGONSTAR® has a lower power consumption and much longer life than halogen lamps. DRAGONSTAR® is therefore a particularly efficient way of producing brilliant coloured light.

- High-intensity LED retrofit lamp
- Efficient generation of coloured light
- Low energy consumption
- Long life

Technical data and equipment

- Equipped with OSRAM GOLDEN DRAGON® (different colours)
- Constant control current of 500 mA
- **CE**

Product reference	Product number	COLOR	l [mm]	d [mm]	
CAMPING LED					
46473	4050300884943	silver/blue	143	50	6x1

Description and features

CAMPING LED is an extremely economical compact camping lantern with a super bright OSRAM GOLDEN DRAGON® LED. On new batteries this provides 30,000 mLumen and takes very little power. The lantern has a two-stage dimmer switch. In its dimmed state the lantern provides adequate in dark surroundings and extends the life of the batteries.

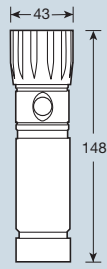

- Camping lantern with super bright OSRAM GOLDEN DRAGON® LED
- 2 brightness levels: 100%, 25%
- Extremely long battery life: up to 100 hours on the dimmed setting
- Extendable foot for stability
- Complete with hanger

Technical data and equipment

- Equipped with OSRAM GOLDEN DRAGON® LED
- Batteries required: 4 x 1.5 V LR 6 AA
- **CE**

POWER DRAGON I¹⁾

POCKET DRAGON¹⁾

Product reference	Product number	COLOR	l [mm]	d [mm]	
POWER DRAGON I					
46454-01	4008321111500	titanium	148	43	6x1

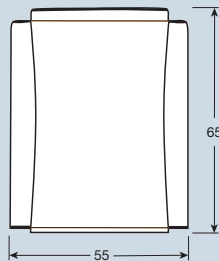

Description and features

POWER DRAGON I is a high-quality torch with a milled aluminium casing with a titanium look. With its innovative high-power OSRAM GOLDEN DRAGON® LED 1 W this torch produces bright light at 30,000 mLumen at very low power consumption.

- High-quality aluminium casing with the look of titanium
- Milled surface for a sure grip
- Complete with practical pouch
- Battery life of approx. 15 hours

Technical data and equipment

- Equipped with OSRAM GOLDEN DRAGON® LED 1 W
- Batteries required: 3 x 1.5 V LR 6 AA
- **CE**

Product reference	Product number	COLOR	l [mm]	b [mm]	h [mm]	
POCKET DRAGON						
46453-01	4008321909015	silver/blue	65	55	18	6x1

Description and features

POCKET DRAGON is a mini work and reading light with a high-grade plastic casing. Its cover allows the high-power OSRAM GOLDEN DRAGON® LED 1 W to produce diffused light.

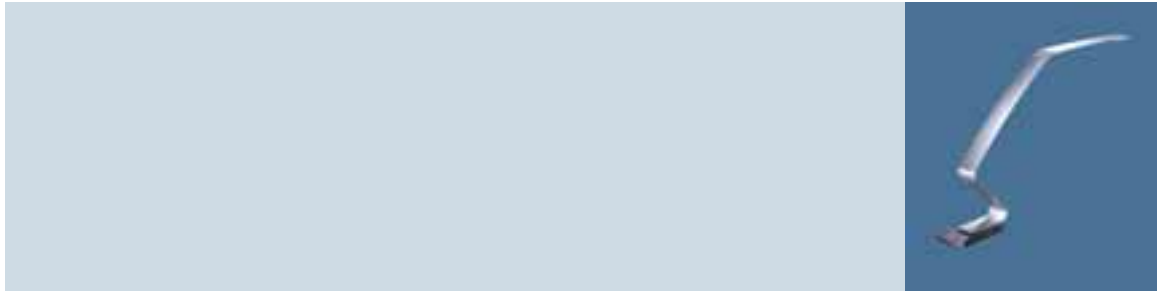

- High-grade plastic casing
- Useful clip
- Separate switch for choice of two brightness settings

Technical data and equipment

- Equipped with OSRAM GOLDEN DRAGON® LED 1 W
- Batteries required: 3 x 1.5 V LR 3 AAA
- **CE**

LED TABLE STAR¹⁾ LED MOOD STONE^{®1)}

Product reference	Product number	COLOR	W	V	Hz	
LED TABLE STAR						
80201	4008321908506	silver	8	230	50	2x1

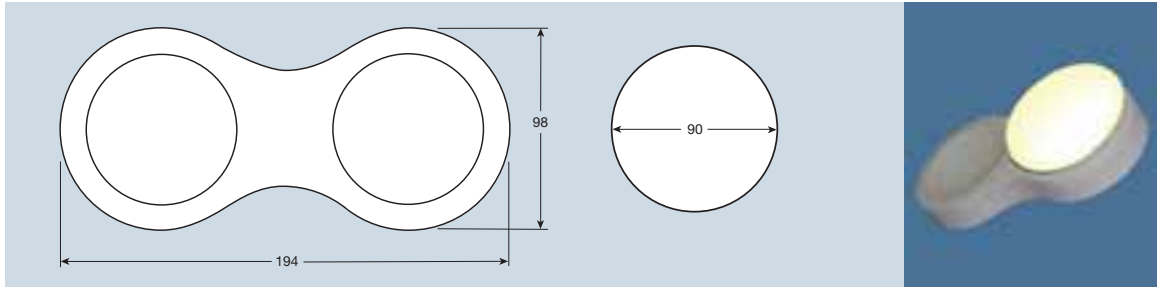

Description and features

LED TABLE STAR is a powerful and innovative table light with high-power LED technology. The luminaire head has a completely new design thanks to LED technology because the small depth of the LED means that the entire unit can be miniaturised.

- Unmistakable functional design
- Arm made from anodised aluminium
- Uniform illumination
- Low-profile base
- Ready to install with 2 m of transparent cable and plug

Technical data and equipment

- Equipped with OSTAR[®] High Power LED
- ²⁾

Product reference	Product number	COLOR	V	Hz			
LED MOOD STONE[®]							
46444	4008321909046	light grey	230	50	90	40	4x1

Description and features

LED MOOD STONE[®] provides a cosy atmosphere wherever it is needed. Preset colours and automatic mode can be selected on both lights. The lights are charged at a charging station and will then provide gentle illumination for several hours away from a mains power supply.

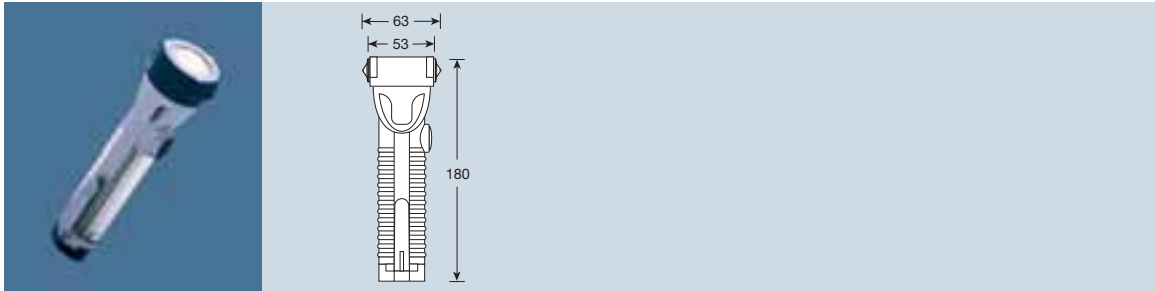

- Preset colours can be selected with a switch
- All colours can be dimmed
- Automatic mode smoothly sequences the preset colours
- Complete with charging station

Technical data and equipment

- Equipped with OSRAM 6-lead MULTILED[®]
- Operated on 4-pack 4.8 V NiMH rechargeable battery
- Charging station

LED SAVER LIGHT

Product reference	Product number	COLOR	l [mm]	d [mm]	
LED SAVER LIGHT					
46474	4050300884882	silver/blue	180	53	6x1

Description and features

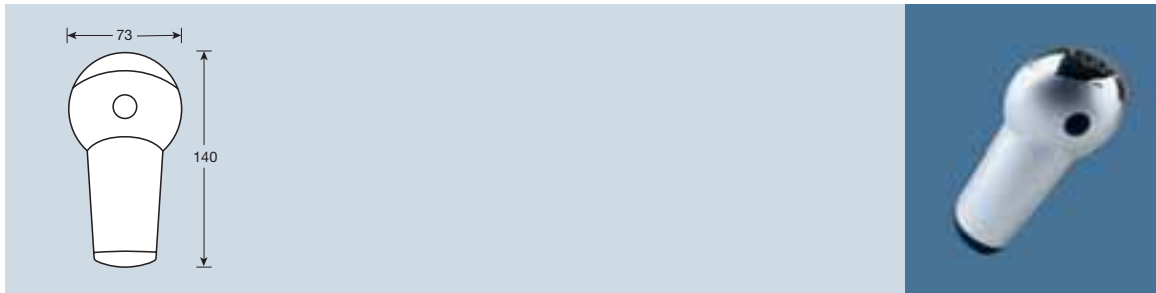

LED SAVER LIGHT is a torch with a bright MINIWATT® KRYPTON lamp. It also offers numerous safety features. 12 flashing red LEDs in the handle act as a warning light. Three magnets enable the torch to be attached firmly to metal surfaces. Integrated spikes are provided so the torch can be used as an emergency hammer and razor-sharp blades, well protected from accidental contact, will slice through seat belts. These features make the LED SAVER LIGHT perfect for the car.

- 12 flashing red LEDs in the handle as a warning light
- 3 magnets for attaching to metal surfaces
- Emergency hammer for breaking windscreens
- Emergency seat belt cutter
- Complete with useful holder: Can be mounted with bolts, pins or hook and loop (Velcro style) tape

Technical data and equipment

- Equipped with MINIWATT® KRYPTON 2127 lamp
- Rating: 2.4 V/0.7 A
- Equipped with 12 red LEDs
- Batteries required: 2 x 1.5 V LR 6 AA
- **CE**

DYNAMO LED LED HEADLAMP

Product reference	Product number	COLOR	l [mm]	b [mm]	h [mm]	
DYNAMO LED						
46443-01	4008321042927	silver/blue	140	73	48	6x1

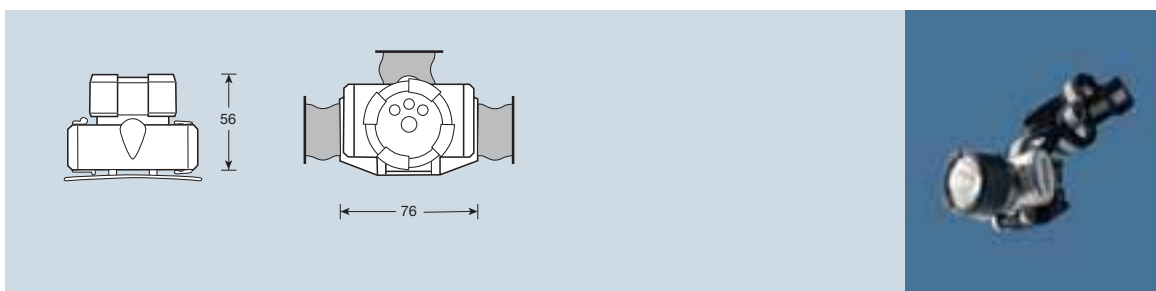

Description and features

The DYNAMO LED is a torch with three bright white LEDs and 2 brightness levels (1 or 3 LEDs). The high-quality lithium-ion battery is recharged by winding the handle on the torch. 1 minute of winding will provide up to 30 minutes of light from one LED or up to 10 minutes of light from three LEDs.

- 2 brightness levels: 1 or 3 LEDs
- Winder for recharging the battery
- 1 minute of charging provides up to 30 minutes of light

Technical data and equipment

- 3 bright white LEDs
- High-quality lithium-ion battery
- **CE**

Product reference	Product number	COLOR	l [mm]	b [mm]	h [mm]	
LED HEADLAMP (Blister)						
46452-01	4008321047106	grey/black	66	76	56	6x1

Description and features

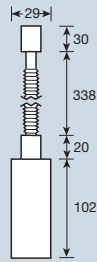

LED HEADLAMP is a headlamp with three bright white LEDs and one high-intensity MINIWATT® XENON lamp. 1 to 3 LEDs or the focusable XENON lamp can be selected. For one LED the battery life is up to 80 hours. The reflective double strap offers extra safety and a good fit.

- 4 levels: 1 to 3 LEDs or the XENON lamp
- The XENON lamp can be focused with the aid of a lever
- Adjustable head
- Reflective double strap
- Mounting plate for a secure fit

Technical data and equipment

- Equipped with MINIWATT® XENON 64095 lamp
- Rating: 4.0 V/0.6 A
- 3 bright white LEDs
- Batteries required: 3 x 1.5 V LR 3 AAA
- **CE**

LED WORKLIGHT LED MULTIFUNCTION

Product reference	Product number	COLOR	l [mm]	b [mm]	h [mm]	d [mm]	
LED WORKLIGHT (Blister)							
46449-01	4008321070302	silver/black	490	-	-	29	6x1

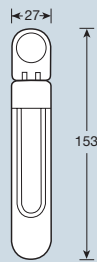

Description and features

LED WORKLIGHT is a useful work light with a flexible metal arm and one bright white LED. The strong magnet on the handle can be used to attach the light to metal surfaces. A magnet on the head can be used to pick up small metal objects in dark inaccessible places.

- Practical work light with flexible metal arm
- Strong magnet on the handle
- Small magnet on the head

Technical data and equipment

- Bright white LED
- Batteries required: 3 x 1.5 V LR 3 AAA
-

LUNETTA® LED								
47000-01	4050300952505	white	0.4	220-250	50-60	48	45	20x1

Description and features

LUNETTA® LED COLORMIX and LUNETTA® LED are orientation lights complete with plugs. The integrated sensor controls the luminaire according to the amount of available ambient light. The head rotates through 360° so the light can be directed where it is needed. The prismatic cover ensures the light is distributed evenly.

- Brightness sensor for automatic operation
- Rotary head (360°)
- Prismatic cover to distribute the light evenly

LUNETTA® LED COLORMIX

- Casing-mounted switch for selecting preset colours
- Automatic mode smoothly sequences the preset colours

Description and features

The LED garlands are available in two different white tones and with RGB LEDs. The variants with cold white LEDs (LK 40 / 80 CW) are intended primarily for use outdoors. The warm white LEDs (LK 40 / 80 / 120 WW) are suitable for indoor applications; they can also be used outdoors. Garlands with colour-changing LEDs (LK 40 / 80 CC) will brighten up any party – inside or outside.

- 10 m cable, LED spacing 0.15 m
- Complete with 10 m cable and mains transformer
- 24 V transformer

Technical data and equipment

- IP44
- Equipped with LEDs
- CW and WW: white flicker-free LEDs
- CW: 7500 K
- WW: 4000 K
- CC: RGB LEDs
