

## 6.6 A Current Controlled Halogen - Double End Lamps for Series Operation

### Areas of application

- Airfield Lighting

### Product features and benefits

- Low maintenance costs due to long lamp life
- Consistent light output over the life of the lamp
- Durable construction provides resistance to the effects of vibration
- IR radiation provides guidance in low visibility conditions and facilitates defrosting in cold climates
- FAA approved in conjunction with many OEM fixtures
- Dimmable
- Flicker-free operation
- Ability to reduce light output when needed
- Mercury-free

Product family datasheet

Technical data

	General Product Information	Electrical Data	Lifetime Data
Product description	LIF code	Nominal wattage	Nominal lifetime
64340	J1/82	100 W	1000 hr
64380	J1/40	200 W	1000 hr

## Product family datasheet

### Safety advice

To prevent personal injury or damage to property, halogen lamps may only be operated in suitable luminaires designed with suitable mechanisms (protective shields, grids, etc.) to ensure that in the event of a lamp bursting no parts/shards can escape and that during operation no ultraviolet radiation can escape. There must also be a warning sign to indicate that the lamps give off high levels of heat. Detailed information is available on request.

---

### Application advice

For more detailed application information and graphics please see product datasheet.
