

# BATTERYcharge SOLAR 200W

## Works In overcast conditions

Doesn't require direct sunlight to provide power

## Suitable for 12V leisure batteries

With over-charge protection and 200W power delivery, ideal for seasonal vehicles

## IP65 water resistance

Designed to handle outdoor conditions with ease

## High-Performance 200W Solar Panel for Reliable Off-Grid Power

The OSRAM BATTERYCharge SOLAR 200W is a high-performance, portable solar panel designed to charge and maintain 12V leisure batteries. Featuring mono-crystalline solar panels in a robust aluminum frame, it delivers up to 200W of free solar power, suitable for caravans, campervans, RVs, and outdoor use.

With a 12V/20A charge controller and USB output, it prevents overcharging while allowing you to also charge small devices. Its IP65 water-resistant design and sturdy aluminum stand ensure durability, while the plug-and-play setup makes it easy to use. Lightweight and foldable, it's ideal for off-grid adventures, even in overcast conditions. Comes with a 5 m battery lead and connecting clamps for

immediate use.
