4-in-1 Winter Tool for Effortless Snow Removal

OSRAM's 4-in-1 extendable snow brush, ice scraper, shovel and window cleaner is designed to make winter clearing faster and less effort. The lightweight aluminum shaft extends for extra reach, allowing you to clear windscreens, roofs and hard-to-reach areas without strain, while the ergonomic non-slip handle ensures comfort even with gloves. Dense bristles move heavy snow in fewer passes, and the reinforced scraper with integrated chippers breaks through stubborn ice without bending or damaging glass. For added versatility, the heads switch quickly between tools, and the whole system disassembles into five compact pieces for easy storage in the boot or glovebox. Built to withstand severe winters yet optimized for everyday use, it saves time on cold mornings and protects your car's windows throughout the season.
