# **OSRAM**

# Heavy Duty Mounting Kit PX

Heavy Duty mounting Kit Particularly strong and resistant bracket for the installation of the LEDriving working lights Professional Series PX

**Easy Installation** The bracket can be fixed to the vehicle with two screws

Matrix Portfolio Suitable for all PX working lights. Therefore, a vehiclespecific lighting set-up can be put together individually. Mix & match. Vary and combine

5-year OSRAM guarantee OSRAM products are innovative and technologically high-quality products that are carefully tested and subject to the strict monitoring undertaken by the OSRAM quality assurance system

#### Professional light for professional work

With the OSRAM LEDriving Professional Series PX working lights portfolio, it is now possible to find exactly the right lighting for a wide range of special professional tasks and applications. Additionally, they can be mounted in three different ways: Direct mounting, flexible standard mounting, and heavy-duty mounting. OSRAM has developed specially designed mounting kits and a cable with DT-connector. The LEDriving Heavy Duty Mounting Kit PX is compatible with all OSRAM LEDriving working lights of the Professional Series PX. It can be mounted to the vehicle with only two screws, it is quick and easy to mount, and this also allows a faster and easier installation of the LEDriving working lights Professional Series (PX). All components of the mounting kit are made of stainless steel, it has a vibration resistance of at least 12g rms and is therefore specially designed for use on heavy-duty vehicles and is particularly robust and resistant. In addition, the bracket can be adjusted to a tilt angle of up to +/- 30 degrees to direct the light of the working lights where it is needed. OSRAM provides a 5-year guarantee on these products<sup>1)2)</sup>

1) Additional working lights without ECE approval for use as work lights are approved for use on any vehicle according to German Road Traffic Licensing Regulations (StVZO) §52 (7). However, they must not be used and switched on while driving. In addition, individual special regulations, and laws of countries outside Germany must be observed.
