

BATTERYcharge 817

Start stop safety features

Integrated safety protections deliver effortless, worry-free operation for all users

One touch button operation it provides 7 stage charging cycle for Lithium batteries and a 9-stage cycle of Lead Acid/AGM batteries

Connect and be sure that the car battery will be fully charged and automatically adjusts to long-term maintenance mode when the battery is full

12 Volt

Perfect for standard passenger cars and motorbikes

Charge and maintain your vehicle battery for prolonged connection.

Meet the OSRAM BATTERYcharge 817, a high-performance 7A smart charger built for faster, more powerful charging of all 12V battery types, including Lithium — ideal for larger batteries or users who need quicker turnaround.

Its advanced 7-stage automatic charging cycle ensures efficient energy delivery while helping to protect and extend battery life. With an integrated maintenance mode, the 817 is designed for extended connection in accordance with its product specification, helping to keep vehicles prepared for use.

Despite its power, the 817 remains easy to operate, with a simple single-button interface and clear LED indicators providing instant feedback. The 3m cable length ensures convenient access, even in larger or more complex engine bays.

Engineered for durability, the IP65-rated design protects against dust and water, while comprehensive safety features — including reverse polarity, short circuit, and overvoltage protection — ensure safe and reliable performance.

Powerful, dependable, and built for demanding use, the OSRAM BATTERYcharge 817 is the ideal solution when speed and performance matter most.
